FRENCH – ITALIAN DAY FOR EARLY CAREER RESEARCHERS [TURIN, ITALY]

19 OCTOBER 2023

Nowadays, researchers need to change their job search position from a "candidate" to a "business partner" approach. This proactive position in career planning requires identifying skills, networking and knowledge of businesses and their needs. This approach is also essential for developing an entrepreneurial activity. This event offers information to PhD candidates and early career researchers interested in opportunities in the French-Italian area. It helps them learn how to market their skills and adapt a proactive approach to job search.

Organizing team: Lucia SALTO (Career Development Facilitator for PhDs, Research Office, University of Turin) & Kristina BERKUT (Training and International Project Manager, Association Bernard Gregory)

Moderators: Lucia SALTO & Kristina BERKUT
